

Peter Cameron

Designer & Front-end Developer

416-738-9622 | peter@cameroncodes.com | www.cameroncodes.com

I am a designer and front-end developer based in Toronto, Canada. I was previously a senior designer with Rise Vision Inc, and am currently available for full-time, contract and part-time work.

I have experience developing accessible websites with HTML5, CSS3, Javascript, React, Gatsby and PHP, and designing with Sketch, Adobe Illustrator, Photoshop and Figma.

Education

Juno College (HackerYou) | Aug-Oct 2016 | **Part-Time Full Stack Course**

Juno College (HackerYou) | May-Jun 2016 | **Part-Time Javascript Course**

Juno College (HackerYou) | Mar-May 2016 | **Part-Time Digital Design Course**

Juno College (HackerYou) | Jul-Sep 2015 | **Front-End Development Bootcamp**

Oxford Brookes University | 2005 - 2007 | **Graduate Diploma in Law**

University of Edinburgh | 2000 - 2004 | **MA Hons Japanese Language**

Work Experience

Freelance Designer | Sep 2015 - Sep 2017 & Aug 2020 - Present

Designed and developed various websites for clients, ranging from static pages for non-profit organizations to custom WordPress themes for recruitment agencies and law firms. Work included wireframing, high-fidelity mockups, responsive design, logo work, training and maintenance of sites.

Senior Designer and Web Developer Rise Vision Inc | Sep 2017 - Mar 2020

Worked as a designer and developer creating interactive digital displays and webpages for educational institutions and businesses using HTML5, CSS3 and Javascript.

Developed custom solutions to display data using web animations.

Worked closely with end users to continually improve the UX and UI design to best fit their unique requirements.
